In these articles we have not wished to dwell too exclusively on the mere material things involved. It has been said that money will buy everything but happiness and that it is a passport to everywhere except heaven. But we may spend our money wisely so that it will bring a large share of happiness to ourselves as well as to others, or we may spend it foolishly so that none are benefited. Here is the great and growing Southwest we have our own problems. Our farmers must contend with overflows, drouths and the boll weevil. These things affect the business man as well and in addition he has many vexations and worries that call for constant and unremitting effort for him to succeed. In previous articles we have tried to show how it is to the interest of the merchant and farmer to work together and how when one prospered the other would prosper also. Let us carry this one step farther and show how there is a community of interest between the producer and the consumer.

All the great manufacturers who advertise their products throughout the length and breadth of the land pay their employees living wages. Their factories are clean, sanitary and comfortable and the homes of their em-

In The Month Of Valentine.
A flashing of wings in a Southern dew,
A sun-shot bird-song, thrilling through,
"I love you, Miss Redbreast, I do, I do!
With a love that is tender and throbbing
and true,
Just you, little Redbreast, just you,
just you."

Then up from the Southland of sun and song—
Winging along—winging along,
Mounting the winds with a rush,
comes a throng,
Of Valentine-hearted flingers of song.
Love is so strong—Love is so strong!
—Grace Abi Allen, in Southern Woman's Magazine.

A BRONCHIAL COUGH

is wearing and dangerous because the inflamed, mucus-filled tubes interfere with breathing and the fresh air passes through that unhealthy tissue.

Probably no other remedy affords such prompt and permanent relief as *Scott's Emulsion*; it checks the cough, heals the linings of the throat and bronchial tubes and strengthens the lungs to avert tuberculosis. This point cannot be emphasized too strongly—that *Scott's Emulsion* has been suppressing bronchitis for forty years and will help you.

Be careful to avoid substitutes and insist on *SCOTT'S*.

WHEN in doubt subscribe for The Anvil Herald—Medina County's oldest and best paper.

EDITOR Terry of the Jourdan-ton Monitor evidently loves a scrap. He has challenged Atascosa County to send out a champion of the Pros to meet him in the arena of public debate for an entire week ending today when the county holds a local option election. Editor Terry refused to debate with a woman. But here is where he is going to get left. Any Pro can talk like a woman!

THE Hondo Anvil Herald rings out this stroke: "No, Matel, dry farming is not a system for cultivating ideas in arid minds." Do not be too positive about that. Dry farming is a science knowledge of which carries ideas, to all sorts of minds—good ideas, practical ideas, fertile ideas. However, it is probably true that an arid mind will not grow a dry farming thought.—San Antonio Express.

AN urgent call has gone out from the health authorities for a thorough clean-up of the town. This is a call which every one should heed. It is cheaper to prevent than it is to cure disease not to mention the criminality of permitting disease-breeding places to exist on your premises. Get busy and put your premises in the best possible sanitary condition, and quit helping to spread alarming rumors of epidemics that exist only in a diseased imagination.

THE prohibitionists seem determined to avoid the rocks on which they have wrecked their political craft in the past several elections. From the bosses—some of the shrewdest political buccaneers who ever floated on a political sea—has gone out the order for elimination, and all along the line steps are being taken to eliminate the weaker men and centralize upon the strongest to lead the embattled ranks of the pros. If they can succeed in getting together little less than a miracle can prevent their gaining control of every branch of the state government, and where our liberties will go one shudders to contemplate.

Few journalistic ventures ever received more generous advance notice than has the proposed

HERE'S to laughter, the sunshine of the soul, the happiness of the heart, the leaven of youth, the privilege of purity, the echo of innocence, the treasures of the humble, the wealth of the poor, the head of the cup of pleasure; it dispels dejection, banishes blues, and mangles melancholy, for it's the foe of woe, the destroyer of depression, the enemy of grief; it is what kings envy of the peasants, plutocrats envy the poor, the guilty envy the innocent; it's the sheen on the silver of smiles, the ripple on the water's delight, the glint of the gold of gladness; without it humor would be dumb, wit would wither, dimples would disappear, and smiles would shrivel, for it's the glow of a clean conscience, the voice of a pure soul, the birth cry of mirth, the swan song of sadness.—Life—From the Trestle Board.

Changeable Climate

IS A CONSTANT THREAT TO THE HEALTH OF THE PEOPLE.

DR. HARTMAN, of Columbus, Ohio, discusses an important health topic.

He says:

Yes, it is the climate, not the germs,

that we have to fear in this country.

The germs are present, to be sure,

and are of some significance in diagnosis.

Climate, a changeable climate, is the true cause of disease.

The atmospheric pressure varies, the humidity of the atmosphere changes.

Every day the temperature rises and falls.

All this presents to the body very great trials to adjust to.

The area of high pressure forms in the northwest. Moves rapidly south-east, subjecting millions of our population to its influence. The result is, thousands upon thousands of people catch cold.

A small per cent. of these thousands do not get well of their cold. It goes into pneumonia, or chronic catarrh, or bronchitis, or pleurisy.

Now, what I am getting at is this.

These climatic changes are inevitable.

No one can prevent them. The very best we can do is to prepare for them, defend ourselves against them.

Good health is the best preventive.

The very best. Vigorous health, with excess vitality, this is Nature's own preventive and protection.

We do not all have this, however.

Some of us must have assistance.

The assistance that I use for myself,

would recommend for my friends to use, my neighbors and my countrymen, is Pe-ru-na. Keep Pe-ru-na in the house.

If the children indicate they are catching cold, give them Pe-ru-na.

If the parents, the grandfather or grandmother, present those symptoms that are so well known which precede a cold, a few doses of Pe-ru-na and the deed is done.

Some people are very subject to colds. Others who have weak lungs and are timid about our winter weather, take Pe-ru-na off and on during the whole winter season.

The plan is a good one. The medicine is inexpensive. It does no possible harm to the system. It keeps the appetite regular and keen. It assists digestion and helps the user through the inclement weather of winter.

No Reason For It You Are Shown A Way Out.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the word of a resident of this locality who has found relief. The following is convincing proof.

J. M. McWhorter, postmaster and general merchant, Benton, Texas, says: "I know that Dean's Kidney Pills are a good, reliable remedy and I give these few words of praise so that the greatest number of people may know how good they are. I had a long standing attack of lumbago, brought on by cold. Often I had to lean in a bent over position to ease the pain across the small of my back. I also had some trouble with the action of my kidneys. I had been told to try Dean's Kidney Pills, and I got a box. They relieved me right away. I can certainly recommend this remedy to those suffering from kidney complaint."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Dean's Kidney Pills—the same that Mr. McWhorter had. Foster-Milburn Co., Prop., Buffalo, N. Y.

Clean-up Notice.

We, the undersigned, appointed as a board of health for the town of Hondo by the Commissioners' Court of Medina County, do set apart and proclaim Monday, Feb. 16, 1914, as a general clean-up day for the town of Hondo, Texas, and respectfully request all resident citizens to see that their premises, that is the place they occupy as a home or place of business, be thoroughly cleaned by removal of all trash from the yards and lots.

The spring season is coming on, and by these precautions we destroy so much of the miasma that impregnates the atmosphere and the disease germs that naturally infest all decaying vegetable matter or any refuse that may have accumulated.

Let's use the ounce of prevention so that the pound of cure will not be necessary. We have arranged for wagons to haul to the dumping ground all refuse that cannot be burned, and respectfully ask that you have all such boxes or barrels at a place of easy access of the wagon.

Hondo is due a general cleaning up, and let's get together and see how nice we can make it look.

Don't forget the day—Feb. 16, 1914—and don't forget to swat the fly.

Respectfully,

JOE NEY,

When You're Sick Your Wages Stop

You know what that means—misery worry—big bills—debt!

You know you can't afford to get sick. Keeping in good health means food and clothing for you and your family. It is up to you to take care of yourself. It is up to you, whenever you don't feel right, to take something to make you right, to strengthen you, build you up, ward off worse sickness—protect you and your family. That thing we have in Rexall Olive Oil Emulsion. In offering it to you, we protect you against money-risk, by personally promising you that, if it does not restore your health, we will give back your money without word or question. We believe it is the best builder of health, energy and strength you can get. It is helping many of your neighbors. If it doesn't help you, we will give back your money.

Rexall Olive Oil Emulsion is composed principally of pure Olive Oil and the Hypophosphites. Each has long been endorsed by successful physicians. Here they are for the first time combined. The result is a remarkable nerve, blood and strength-building remedy that is both food and medicine. For all who are nervous, run-down and debilitated—no matter what the cause; for old people; for convalescents; for puny children, we know of nothing that will give health and strength as quickly as Rexall Olive Oil Emulsion. It is a real builder of good blood, strong muscles, good digestion. Pleasant to take, it contains no alcohol or habit-forming drugs. If you don't feel well, economize both money and strength by beginning today to take Rexall Olive Oil Emulsion. Sold only at the Rexall Stores, and in this town only by us. \$1.00.—Martin Drug Co., Hondo, Texas.

COD LIVER OIL AND IRON

Two Most World-Famed Tonics Combined in Vinol.

Cod Liver oil and Iron have proved to be the two most successful tonics the world has ever known—iron for the blood and the medicinal curative elements of cod liver oil as a strength and tissue builder for body and nerves, and for the successful treatment of throat and lung troubles.

Two eminent French chemists discovered a method of separating the curative medicinal elements of the cod's livers from the oil or grease which is thrown away, but to these medicinal elements tonic iron is now added, thus combining in Vinol the two most world-famed tonics.

As a body-builder and strength creator for weak, run-down people, for feeble old people, delicate children, to restore strength after sickness; and for chronic coughs, colds, bronchitis or pulmonary troubles we ask you to try Vinol with the understanding that your money will be returned if it does not help you.

In Memoriam.

With a heavy heart we would drop a tear to the memory of Mr. Armin Boehme, who departed this life at his home at Lacoste at three o'clock Tuesday afternoon, Jan. 27, 1913. His death has brought the bitter cup of sorrow to the lips of friends and relatives. His was a heart of gold. He was one of nature's noblemen in its truest sense. His was the soul of honor, and his friends and friendships were sacred to him.

Mr. Boehme, the subject of this simple memorial, was 60 years, five months and nine days old at the time of his death. He is survived by his widow, two daughters and four sons, namely: Messrs. Alex, Henry, Ferdinand and Adolph Boehme, Mrs. Gerhard Ihnken and Miss Meta Boehme, one sister, Mrs. F. P. Seckatz, and one brother, Mr. Max Boehme. Besides his grief-stricken wife and children, he is survived by a large number of sorrowing relatives and friends. He was a devoted husband and kind and indulgent father, to his sisters a tender brother, to his friends the soul of fellowship.

Mr. Boehme had been sick for some time, and all that care and love, skilled physicians and an anxious household could devise and apply for his comfort were brought into play, but of no avail. Despite the prayers and entreaties of all who knew and loved him, their appeals were overruled and the sufferer's spirit took its flight to that home above. None but those who have sat in the shadow of a great bereavement can justly weigh such a sorrow as this. Those who have gone down into the valley of suffering and stood for months by the side of a loved one, as hope after hope dropped away, as the petals fall from a fading flower, know that such anguish cannot find solace in the tenderest words. He who has gone forth could not be supported on his solitary path by any earthly friend. The wife with a devotion for her husband, whose strength was given sweetly, tenderly to this precious invalid, whose heroic devotion never faltered, could not detain him by the clasp of earthly love; but after the last word had been spoken, the last sign of recognition was gone, he passed to the glorious beyond, surrounded by his family, brothers and sisters.

And this tells the sad story of our dear friend. Never during our term as a chronicler of events was the task sad as this one. Never before has every word been breathed out in sorrow. This message is the saddest. This grief is the most inconsolable. The God who gave him reclaimed him and, closing his eyes upon the scenes of the earth, took his pure soul to dwell with the pure and just in a home prepared for the faithful beyond that starlight radiant glow where the sunlight, that he so loved, never fades and the shadows never fall, leaving with us only his beautiful form, cold and clammy in the icy embrace of death. He was true and devoted, a gentle and generous neighbor, a friend whose hand and heart never faltered, kind, charitable and unselfish, a most lovable creature whose virtues and goodness, whose entire life could well be emulated. All the soft cadence of sweetest music was in his voice, all the sunshine of a perfect day was in his smile. We loved him for he was the best of all, and in our sorrow we bow before the mighty God and humbly pray that all is well with him. May he rest in peace.

Wednesday morning the remains were taken to his old home at Riomedina, where all were permitted to look for the last time upon the face of the departed. At three o'clock p. m. the sad corteges moved to the Catholic family cemetery, where interment was made. Rev. Father Heckman performed the last sad rites. A large concourse of sorrowing relatives and friends from far and near, attended the funeral. The Sons of Hermann, of which order deceased was a member, attended the funeral in a body.

To the broken-hearted relatives, who sit in sorrow where his foot-steps shall never again find echo, we extend our sincere, heartfelt sympathies.

In life we are to death so near

That we should not grieve,
If one that was to us so dear
From us will take his leave.

So it was with our dear friend.

He has left us all too soon,

Left us all here in our sorrow,

His death o'er us has cast a gloom.

He has gone from us forever

And we no more will see him here.
We think there is no greater sorrow
For to us he was so dear.

Indeed he was so dear to us,

It's hard, so very hard,

Indeed, we all loved him so true

And yet we had to part.

Now our hearts are sore and weary

But it will not be for aye,

Though now is dark and dreary

There'll come a gladsome day.

Once there'll be a glad tomorrow

And we'll see him face to face,

From our hearts we banish sorrow.

When our friend we'll embrace.

A FRIEND, R. M.

1914 BUICK CARS

No line of Motor Cars at any price can show more value than will be found in the Buick for 1914.

Every time tried feature is retained and such new ones as have demonstrated their worth have been added.

The Famous Overhead Valve Motor will continue to demonstrate itself as the greatest power producer ever used in an automobile.

The same economy of fuel consumption, same durability and consistent service coupled with the old recognized goability insures the same reliable Buicks.

The Delco system for starting, lighting and ignition is recognized as the very best apparatus of its kind and its installation in every model proves our contention that nothing is too good for the Buick.

All equipment will be in keeping with that standard and permits the assertion that more than ever will the past leadership of Buick cars be maintained and strengthened for 1914.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fatten up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentleacting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

JAMES E. FERGUSON FOR GOVERNOR

Makes Known His Views to the Democracy of Texas.

PRESENT LAWS ENOUGH.

Native of Bell County, Forty-Two Years Old, Lawyer, Banker, Farmer and Believes Business Ideas Should Prevail in State Affairs.

To the Democrats of Texas:

In announcing myself as a candidate for the high office of governor of Texas, I am not unmindful of the discussion which I may arouse or perhaps the criticism which I may bring forth.

For years and years it has been quite the custom to elect our governors under rule which we might term political succession. In other words, we have been determining a man's qualification for governor in proportion to the number of years he has been in active politics and the number of offices to which he has previously been elected. The same rule has been largely followed with reference to other offices.

So I realize that when I, a country lawyer, a country banker and a country farmer, if you please, try to land myself in the governor's chair at one fell swoop, I imagine I can already hear the thundering tones of "Nay, verily, we were here first." And here the issue is raised. If it can be shown that the state affairs have been under the old rule administered in an economical and business way, then, I am frank to agree that there is no particular demand for my candidacy, and I will have no one to blame should I be disappointed in my ambition. But the burden of proof is upon those who would thus criticize my announcement. And should the proof be not sustained, then the propriety of my candidacy is established, and upon my merits and the merits of my platform I shall indulge the hope that the great mass of Texas Democrats will give me their favorable consideration.

I am native Texan. Was raised on a farm in Bell county. Am forty-two years old. Seven years of my life have been given to the practice of law. For the past eight years I have been engaged in banking, farming and stock raising. I believe I can show as fine a herd of Durham cattle as there

THE HOG A REVENUE PRODUCER

Pork and Its Products Increasing in Demand.

The razor-back hog has been forced by the thoroughbreds to flee to the mountains and the distance they have traveled each year is measured and recorded by the judges of the Ft. Worth Fat Stock Show. For eighteen years the National Feeders' and Breeders' have held the tape line of progress on this industry and the exhibits on November 22-28 promise to more nearly approach perfection and extend through a much wider range of breeds than any previous exhibits.

No other animal ever made such concessions to the market as has the hog. He has given half his life to meet the demand for young stock and has surrendered the freedom of forests for the shackles of the pen where fat can be produced with the greatest economy. The human race has made no such sacrifices for success as has this dumb

National Characteristics.

An Irishman fights before he rea-
sons; a Scotchman reasons before he
fights; an Englishman is not partic-
ular as to the order of precedence, but
will do either to accommodate his
customers. The Duke of Wellington
called the Iron Duke, once said that
the best troops would be as follows:
An Irishman only half sober, a Scotch-
man half stewed, and an Englishman
with his stomach full.

Virtue is its own reward, but most
of us expect a bonus.

A fellow shouldn't have any diffi-
culty in getting along when he is never
short.

EVERY DETAIL COMPLETE.

National Feeders' and Breeders' Show at Fort
Worth to be Greatest in History.

With every detail completed and the
most magnificent array of exhibits
and attractions that it has
ever offered the people of the South-
west, the National Feeders and
Breeders' Show will throw open its
doors for its eighteenth annual ex-
hibition on the morning of Novem-
ber 22. It will last through Novem-
ber 29, new features being offered
morning, noon and night.

While the central attraction is
perhaps the most comprehensive and
extensive livestock exposition ever
witnessed in the Southwest, the man-
agement of the big show has neg-
ected no feature to attract the
crowds and interest those who per-
haps are not well versed in live-
stock.

Music lovers from all over the
State are expected to attend the show
for the express purpose of hearing
Thavin's great band, which will play
throughout the exhibition. This is
one of the most famous bands of
the country and the great director
has with him an operatic sextette
that has won renown throughout the
United States.

There will be free attractions in
the Coliseum every afternoon during
the show and one of the best
carnival companies that travels the
South will throw up its tents on the
Coliseum grounds.

Poultry fanciers from all over
Texas and other States are being
attracted by the advance notices of
the magnificent exhibition that will
be held at Fort Worth during the
show. More than \$2,000 in prizes
and cups are being offered by the
Fort Worth Poultry and Pigeon As-
sociation, \$1,500 of which will be
awarded in the poultry division.
Poultry and pigeons are being enter-
ted from all over the Southwest. The
State meetings of five prominent
poultry associations and the national
meeting of another will be held here
during the show, thus adding more
than 1,000 birds. Last spring only
2,500 birds could be accommodated
in the poultry building, but this year
the space will be expanded so that
3,500 at least may be accommodated.

The most prominent poultry
judges in the Southwest—H. B. Savage
of Bolton and Tom H. Woods of
Avila, Mo.—will handle that division
of the show, while George Ewald
of Cincinnati, Ohio, the most promi-
nent pigeon judge in the country,
will gauge the respective merits of
the exhibits in that division.

Mrs. Edward J. Brucks had as her
guest Monday Mrs. Yoder of Weimar.
J. W. Kidner has sold his two-story
building to A. J. Swearingen and will
build on College Square and move his
store into his new building.

BRAINS DULLED BY CONSTIPATION

Some People Only Half Alive; Dod-
son's Liver Tone Cleans You
Out and Wakes You Up

When constipation is having its evil
effects on your body and brain, Nature
is doing her best to offset them and
overcome the cause itself. But usually
Nature cannot do this unaided.

In the past, many sufferers at such
a time used to turn to dangerous calomel
in hope of relief. For some people
calomel does appear to give a temporary
benefit, but as a matter of fact it is a poison that proves to be injurious
and even dangerous to many. If you
have ever taken calomel you probably
have suffered from evil conditions
following its use.

But nowadays great numbers of people
have learned how to feel better,
brighter and healthier by taking Dod-
son's Liver Tone instead of calomel.
Indeed, this harmless vegetable liquid
is recommended and guaranteed by
W. H. Windrow who will refund the
purchase price to you without question
if you are not completely satisfied
with it.

Get a bottle of Dodson's Liver Tone
for only 50c. and learn for yourself
how easily and naturally it assists
Nature in getting rid of and correcting
constipation and biliousness, how
it clears away the sick headache and
coated tongue and sets you right without
ache or gripes, without any interference
with your regular habits. Fine for the children. They like to
take it.
